

# SEASON OF CHANGE

NEW CHAPTER

*Welcome,  
Tyler Donahue*

# CEOMESSAGE

I want to thank everyone for the warm welcome to Westhills Village. My family and I are making Rapid City our new home and really enjoying all the Black Hills has to offer.

It has been a season of change and a very busy first few months. I've been learning all the faces and names of a few hundred staff and residents as well as learning the operations and procedures that make Westhills what it is. Daryl and I have spent a lot of time together trying to make the transition as seamless as possible; we still have some items on the agenda for the next few months.

Coming in as the new CEO, I had researched and heard so much about Westhills Village. What I have found is that Westhills has lived up to all the hype and expectations. It is truly a 5 Star community in every aspect. It is remarkable to see the great pride and joy that the residents and staff exhibit as they go about their days.

One of the things I have gotten involved in recently is the Westhills Village Foundation. It is very impressive to see the generous participation from the donors and the many projects that have been

funded. Over the past 35 years the Foundation has grown so successfully and funded projects totaling over \$4,000,000. Many thanks to all donors who have made the projects possible over the years. I look forward to getting more involved with the Foundation as time goes on and continuing to see the impact for our residents and staff in the future.

The WHV Foundation is discussed so often by residents, coworkers and others on how amazing the projects are and the generous support it takes to make them happen. The Foundation could use your support this year for several important projects. In 2024 we are working on replacing the large 14 passenger van; the one that is used for all the outings. This is a significant project along with others as well. Please consider the Foundation in your giving and planning this year as it really makes a big difference.

Westhills is truly an extraordinary organization and I'm very eager to carry on the tradition of excellence at Westhills Village.

## *In Memory of Gene Lebrun*

We honor and remember our friend Gene Lebrun. Gene served Westhills on the Board of Directors for many years and most recently served as the President of the Foundation Board. He and Pat have been long-time residents of Westhills Village and have always been supportive of the Westhills Village Foundation. Gene gave of his time, expertise, and energy to Westhills over many years before he even lived here. Gene was always quick to remind us that SERVING Westhills on various Boards was fun and enjoyable, but nothing beats LIVING at Westhills Village. He will be greatly missed.

# EMPLOYEE ACADEMIC ASSISTANCE

Hi, My name is Maranda. I started working at Westhills Village in Sept. of 2019 as waitstaff in the Independent Living dining room with no intentions of making it into what it is for me today. I had no idea what a great impact the people of Westhills would have on my life. I instantly fell in love with the residents I serve and the atmosphere in which I work.

After two years I transitioned into a Dietary Aide in the Health Care Department where I was offered the opportunity to advance my knowledge and become a Certified Dietary Manager. I was thrilled! This would be my chance to turn an entry-level job into a career I will love!

I have now been working at Westhills Village for 4 years. After a long hard year of school, I have obtained my credentials of CDM, CFPP (Certified Dietary Manager, Certified Food Protection Professional) by passing my exam in July of 2023. I'm currently trained for all shifts in all 3 dining rooms along with being a fill-in cook in Health Care and Courtyard. I strive to uphold the high standard of care that has long been the culture of Westhills and hope to do so for years to come as I continue to develop my skills and grow as a professional.

My love for Westhills Village continues to grow each day, inspired by all the support and encouragement I have received. With my greatest gratitude, I thank you all for your generosity and for encouraging higher education through donating to the Employee Academic Assistance Program. I could not have done this without you!

My family has been vital to my success as well. I am recently engaged to an amazing man Wes, who has supported my efforts along this path as well as my 3 children. Kayn is 26, Jasmyn is 15, and Deven is 14. Jasmyn recently started working as waitstaff in Independent Living. I truly hope she enjoys her job as much as I do, and who knows...with your help, her future may be much brighter too, because of all of you!

FUND

Did you know you can  
**DONATE  
ONLINE?**  
[www.westhillsvillage.com](http://www.westhillsvillage.com)

The Helping Hands Fund was established by the Foundation to help provide financial assistance to current employees who have fallen on hard times or experienced an unforeseen personal emergency.

Most commonly, employees utilize the Helping Hands Fund to provide financial assistance due to unanticipated expenses that are outside their typical budget. Donating to the Foundation enables us to support our employees as they work to support our residents. We are here to serve and support one another! This is an exciting way your donations can really help make a difference.
